PAIN IN THE BACK.

A Sure Sign of Kidney Trouble. Dr. Kennedy's Favorite Remedy will cure you.

Pain in the back is a never failing sign of kidney disease; another sure sign is the condition of the urine; if you have a pain in the back then look to the condition of your urine. Take a glass tumbler and fill it with urine; after it has stood 24 hours, if it has a sediment, if it is milky or cloudy, pale or discolored, stringy or ropy, your kidneys and bladder are in a dangerous condition and need immediate attention, or the consequences may prove fatal. F. C. Wilcox of 559 New Britain ave., Hartford, Conn., says:

"I had a frightful pain in my back, the result of kidney trouble. My physician seemed powerless to relieve me. I determined to try Dr. David Kennedy's Favorite Remedy; it helped me wonderfully, and in a short time cured me completely.

Dr. David Kennedy's Favorite Remedy is the one medicine that really cures all diseases of the kidneys, liver, bladder and brood, rheumatism, dyspepsia and chronic constipation. It is wonderful how it makes that pair in the back disappear, how it relieves the desire to urinate often, especially at night, and drives away that scalding pain in passing water and makes you well and strong.

It is for sale by all druggists in the **New 50 Gent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle-enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

David Pletcher Sues Canton-Akron Railway on Account of Injuries Received.

LATEST NEWS OF LOCAL COURTS.

David Pletcher, of Canton, has sued the Canton-Akron railway company for \$20,560 damages for injuries received in a mixup with a street car on South Market street, February 26, 1902.

The petition was filed Tuesday morning by Attorneys Webber & Turner, and it alleges that the plaintiff was on his way home at the timeofthe accident, and while waiting for one car to pass he was struck by another. It is charged that the car was run-ning at an unlawful rate of speed, more than 12 miles an hour, and that there was no warning given of the approach of the car. It is charged that if the motorman had been watching his business he could have seen the plaintiff upon the track and stopped the car in time to avert the accident.

Pletcher was hurled some distance by the force of the collision with the rapidly moving car, a great gash was cut in his head, several ribs broken one finger broken and his body and limbs bruised, and he received internal injuries which caused him to suffer from hemorrhages for some time afterward.

The expenses, loss of time, doctor bills, etc., are estimated at \$560, and additional damages to the amount of \$20,000 are demanded as it is claimed that some of the injuries are permanent in their nature.
